Do Your Bit---Work At The Rodeo Field To-night

COMPETING AT WESTERN CANADA FESTIVAL

This group of Crows' Nest Pass Ukrainian singers left on Wednesday for Edmonton where they will take part in the Western Canada Ukrainian Folk Festival on July 27-28.

The choir will be heard on the CBC on Saturday evening at 7 o'clock.

Accompanying the group are Peter Meroniuk, instructor, and committee members Mrs. Pauline Lesniak, Mrs. Mary Kobowka and Mr. Peter Billey.

There are 35 entrants, 20 from Coleman, ten from Fernie, four from Bellevue, and one from Michel.

The \$1,200 objective required for transportation, etc., has been reached.

UKRAINIAN GROUP LEFT WEDNESDAY FOR EDMONTON FESTIVAL

Peter Meroniuk, aided by his committee, herded a large number of young artists on to the train on Wednesday afternoon and headed for the Western Canada Ukrainian Festival which will be staged at Edmonton this week end.

Helen Pachkowski, fifteen-year-old grade 10 student has been elected Queen of the Coleman

delegation and will preside in that official capacity while at the Festival.

Those attending from Coleman include: Mr. and Mrs. John Chomik, Paul Serotak, Mrs. P. Pachkowski, H. Kobowka, Mary Kobowka, D. Laschuk, Joe Chaluk, Mrs. Chaluk, M. Meroniuk, Nick Parama, Katie Parama, Pauline Lesniak, P. Billey, L. Kobowka, P. Chaluk, Mary Tresek, Vienna Chernetzki, Helen Petruniuk, BHI Petruniuk, Edna Kapenchuk, Richard Antenenko, Betty McCarthy, Stanley Hahuk, Ronald Meroniuk, S. Parama, Gloria Parama, Elaine Guryk,

Irene Bubniak, Ronald Hlewka, Tony Maknowich, Frances Kowenko, Gloria Parama, Elaine Guryk, Irene Maknowich, Frances Kowenko, Helen Pachkowski, Lorraine Van Mastron and Peter Meroniuk. Andrew Hahuk and John Chomik are chairman and secretary respectively of the Ukrainian-Canadian Association of the Crows' Nest Pass and on whose shoulders the task of raising \$1200 to transport and board the group while in the capital city fell heaviest.

Poets and artists from the Ukraine have come to Canada in order to attend the Western Canada Ukrainian festival.

Men Having A Free Hour During The Next Week And A Half Are Asked To Help At Rodeo Field

There is still a considerable amount of work to be done at the Rodeo field in preparation for the Coleman Rodeo.

While the Coleman Board of Trade is sponsoring the Big event the proceeds are for a Community Civic Centre through which all citizens will benefit.

If men desire the town to boast a civic centre in which his children or those of his neighbors will derive much pleasure — then he is asked to spend a few of his idle hours in the evenings by helping out at the field and so endeavor to have all construction completed before the rodeo is scheduled to start.

Record Parade Looms For Coleman's First Rodeo

Prize List Announced;
 Residents and Merchants
 Asked to Fly Flags.

Jim Kerr, parade chairman, anticipates the largest parade in the history of Coleman with which to open Coleman's first Crow View Rodeo.

Practically all business houses, organizations and many citizens have already announced their intention of placing either a float, car, bicycle, etc., in the parade and it really should be a colorful event.

Residents and business houses along the route of the parade which will start at the east end of main street, travel to West Coleman and double back to the center of town, are asked to fly flags and decorate their premises and homes.

The prize list for the various decorated vehicles are as follows:
 Floats: 1st prize \$25, 2nd prize \$15, 3rd prize \$10.

Best dressed cowboy: 1st, \$6.00; 2nd, \$4.00.
 Best dressed cowgirl: 1st, \$6.00; 2nd, \$4.00.

Best dressed Indian: \$10.
 Best dressed Squaw: \$10.
 Best comic: \$5.00.
 Best decorated car: \$5.00.

Best decorated junior cowboy (under 14): 1st, \$3.00; 2nd, \$2.00.

Best dressed junior cowgirl (under 14): 1st, \$3.00; 2nd, \$2.00.

Best decorated bicycle: 1st, \$2.50; 2nd, \$1.50; 3rd, \$1.00.

The parade committee desires to express its appreciation to the Wilson Insurance Agencies for the three cash prizes in the best decorated bicycle event.

Lions Clubs To Hold Picnic At Lake On Sunday

Clubs From Macleod, Pincher and Pass Towns to be Present;
 Coleman is Host Club.

Lion President Frank Abousaffy announced on Monday evening that Lion clubs from Pincher, Macleod, Bellevue, Blairmore and Coleman will join forces at a picnic to be held at Crows' Nest lake this Sunday afternoon.

The Coleman club will play host to the other clubs and have already made extensive preparations to make the day a successful one.

DOC. RANDALL AND HIS JAZZ FIVE ORCHESTRA ENGAGED FOR COWBOY BALL

"Nothing but the best for this Rodeo" was the way in which Doug. Moores announced that he had contracted a leading Calgary orchestra to play Saturday night for the Cowboy Dance in the Crystal arena to wind up the Rodeo festivities.

Doug was aided in securing this top notch orchestra through the co-operation of John Kerr, of Turtle Mountain Playgrounds. Mr. Kerr has consented to close his Playgrounds on August 3 and allow the Rodeo to use the dance orchestra which he had originally contracted to play in his dance hall.

The dance committee is exceedingly grateful to Mr. Kerr for his co-operation and courtesy and express their sincere thanks.

All rodeo contestants will be on deck for this dance event of the season and patrons will only be charged a dollar for the entire evening's dancing entertainment.

Legion Sets New High In Memorial Park Donations

The executive of the Coleman branch of the BESL have this week expressed their confidence in the efforts of the Memorial Park committee by voting to transfer to that account a \$500 War Bond. This is the largest donation received and expresses the desire of the Legion to have the Memorial erected.

Other donations received this week are as follows:

Federation of Russian Canadians \$50; Mrs. E. Kroesing \$5; Joy Kroesing \$5; Matt's Shoe Store \$5; S. DeKlyen \$5; R. Parry \$5.

This is a total of \$575 for this week and brings the grand total to \$1,436.50. With the total to date very nearly half of the \$3,000 objective and with other donations promised, the committee have given orders to Mr. J. D'Appolonia to begin the construction of the Cenotaph. They have been assured by Mr. D'Appolonia that work on the base will begin within a short time.

In the list of donations published last week, Mr. J. Salus was shown as having donated \$5. This should have been \$10. The committee regrets the error and apologize to Mr. Salus.

\$50 BONDS FOR CARNIVAL PRIZES

Coleman Elks have been assigned the task of managing the Rodeo carnival in the skating arena Friday and Saturday nights, with George Jenkins master minding the whole affair.

George is once again sponsoring \$50 war bonds as the major prizes each evening the one ticket being good for both nights' draws.

He is lining up a large assortment of prizes for his various booths and hopes to have a spectacular display to coincide with Coleman's spectacular Rodeo which promises to bring the heaviest influx of visitors Coleman has ever experienced.

Roughhead and Kwasnie Win Southern Alberta Tennis Tourney

Roughhead Easily Wins Men's Singles; Paired With Kwasnie To Win Doubles; Mrs. Kwasnie Co-Holder Ladies Doubles Title.

Coleman, a town to be contended with in provincial tennis circles prior to the war, appears to be starting in where it left off as the post-war tournaments are once again organized after several years inactivity.

At the week end the Coleman contingent of Roughhead and Mr. and Mrs. R. "Duke" Kwasnie motored to Lethbridge where they dominated play from start to finish against players in Alberta, Vancouver and some from Eastern Canada.

In the men's singles Kwasnie lost out in the semi-finals to C. A. Yolland, of Vancouver and formerly of Cranbrook. In the final however Roughhead met Yolland and avenged Kwasnie's defeat by easily winning the southern Alberta Men's title with scores of 6-2, 6-0, 6-4.

Roughhead and Kwasnie teamed up in the men's doubles and coasted through to the final where they met H. E. and C. A. Yolland and again won in three straight sets, 6-2, 6-3, 7-5.

Joy Kwasnie paired with Miss W.

Laurie in the ladies' doubles and failed to meet any opposition worthy of the name to win the final against Kay Wilson and D. Durfee, 4-6, 6-4, 6-0.

The two men left Lethbridge on Sunday afternoon for Calgary where they are competing in the provincial tennis tournament. Mrs. Kwasnie returned home on Sunday evening.

ROUGHHEAD AND KWASNIE WINNING AT CALGARY

Coleman's two tennis stalwarts are stroking their way smoothly through several of the provincial tennis events at Calgary this week. Up to this morning Roughhead had worked his way into the men's singles semi-finals with Calgary players in the other three brackets. Kwasnie was in the four's of the Ferris Cup and still looked pretty good when one sized up the opposition in the other three brackets.

Roughhead, with his partner were forging ahead in the mixed doubles and was either in the 8's or semi's of that event.

Roughhead and Kwasnie were eliminated in the men's doubles event by the Calgary Boucher brothers. Kwasnie and his mixed doubles partner have been eliminated.

TO "DRESS UP" BLUFF AT EAST MAIN STREET

Considerable improvement has been made at the east end bluff where a mechanical shovel had been widening the roadway during the past two weeks.

Where the shovel has been working the side of the hill shows up as a sore wound. However within the next few weeks a gang of men will be put on the job to clean up the debris and extend the road to its new and full width. Possibly in 1947 or 1948 the road will be hard-surfaced.

The electric light poles will be relocated in the near future to allow the full width of the road to be used.

Price Control And Rationing Information

Q.—I will be feeding extra farm help for five or six days this month and would very much like to get their extra ration coupons before they arrive so that I will be able to have the baking done. Will it be possible for me to apply for their rations before the help actually arrives?

A.—Yes, you may apply to your local ration board, either in person or in writing, for extra rations if you will be feeding farm helpers for more than eleven meals. You will have to fill in a form giving details as to the number of meals you will be serving, type of work and amount of work. If your labourers plan on staying for more than two weeks, they are expected to bring along their ration books for your use.

Q.—Is it necessary for each ration book holder to appear in person at the distributing centre for his ration book six?

A.—It is not necessary for each ration book holder to personally appear for their ration book. One person may obtain ration books for several people, as long as the owner of each book fills in the green RE191 card which is in ration book five. Cards from book five persons under 16 years of age should be signed by a parent or guardian.

Q.—Am I allowed to take ration food with me when I visit friends in the United States?

A.—Canadian visitors to the U.S. are allowed to take butter, meat and preserves up to the value of five dollars. Anything over that amount requires an export permit. A permit must also be obtained if you want to take more than five pounds of sugar to your American friends.

Please send your questions or your request for the pamphlet "Consumers' News" or the Blue Book in which you keep track of your selling prices, mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

To Suit Conditions

India Will Soon Be Making Her Own Airplanes

India will have a completely self-sufficient aircraft industry within 20 years, according to a decision made by the Government of India. Production will start shortly at Bangalore, where a repair and maintenance factory is already in existence. Planes will be turned out both for the Royal Indian Air Force and for the needs of civilian aviation. It is anticipated that the first aircraft will come out of the factory in less than 18 months.

The decision is based on the recommendation of the United Kingdom Aircraft Mission which was invited to India in March, 1946. It has been decided that a special airplane should be manufactured to suit Indian conditions.

You have read and heard all the arguments in favour of the proposed Canadian-British wheat agreement. Now, in all respect, we ask you to consider the arguments against it... and, as fair-minded men, form your own conclusions as to whether any such deal will be to your advantage or not.

The members of the Winnipeg Grain Exchange are vigorously opposed to Canada signing a bilateral wheat agreement with Great Britain or, for that matter with any other nation. Here are the reasons why:

In November, 1945, Canada pledged her word that she would not make a bilateral agreement of any kind with any nation. This is what the "Winnipeg Free Press" said editorially on June 19th, 1946, when the wheat agreement was being discussed:

"For Canada, of all countries, to break away from the marked course and, in seeking an immediate advantage, to ignore the greater good, to shade her pledged word, and to prejudice the most hopeful movement of modern times, (i.e., for freer international trade) would be little less than an act of treason."

A wheat agreement with Britain would practically close Canada's other export markets for wheat. True, Britain is our best single customer for wheat. But not the only customer. Even if the British were willing to buy all of her import wheat requirements from us, the entire British consumption could not begin to use up our exportable surplus of wheat and keep our farmers prosperous.

Here are figures that prove this statement:

In the thirteen years immediately preceding the war, Canada's wheat exports were distributed as follows:

TO UNITED KINGDOM	TO CONTINENTAL EUROPE
36%	49%
TO THE ORIENT	TO OTHER COUNTRIES
5%	10%

In the light of these figures, do you think that Prairie Farmers or Canada itself can afford to antagonize 64% of our world wide wheat buyers? These customers are distributed over more than sixty different countries. In normal times, we must depend upon them to buy our wheat. Where else could it possibly be sold?

If this wheat deal goes through every one of these countries will be antagonized. They will buy from other countries not only their wheat but all other foods that compete with wheat in world trade, such as corn, potatoes, rye, barley, oats, etc. Wouldn't you if you were in their place?

How then can Canada afford to ignore big buyers of wheat in Continental Europe, the Orient and elsewhere? The "Winnipeg Free Press" made this clear in an editorial on June 20 in which it said:

"The result (of any such wheat agreement) must be to narrow the range of our markets and make our future in wheat dependent largely upon few, not many, buyers. For an immediate advantage we will be foregoing long term security. When the contract is up, who will be in the driver's seat?"

"Canada's gain, being others' loss, the harvest would be certain. Having been denied a market because of Canada's privileged position, the injured parties (other wheat exporting countries) would have piled up their wheat against the day when the contract ended. What then would happen to prices?"

"In terms of trade, this (wheat agreement) would be a declaration of war, not co-operation. Is it

conceivable that such a policy could advance the wishes of the organized farm bodies? Obviously not."

There must be flexibility in the marketing of wheat to cover variations in quantity and quality of production, not alone in Canada but in all other wheat producing, consuming and exporting countries. Wheat must also be sold at prices to compete with other food stuffs that are available in world markets.

This fluctuation in prices should keep pace with the price of goods that farmers have to buy. You know, yourself, that you are now paying more for implements, clothing, lumber and other things. Why, then, should you be held down to a fixed price for your wheat. Such a policy is neither fair nor reasonable.

Any promise of a future reward for your present sacrifices cannot possibly be fulfilled, although those in favour of the wheat agreement would have you believe that it can.

No wheat importing country will, for long, pay more for Canadian wheat (quality considered) than the prices at which other wheat exporting countries are willing to sell their wheat. Would you, if you were an importer?

During the crop year 1945-1946 Prairie Farmers lost about 150 million dollars because of the present "controlled" price for wheat. Do you ever expect to recover your share of that loss?

The truth is that if this proposed agreement is signed the "control" of your wheat will continue; and you will possibly face still further losses. And to whom will you look to make up for these losses?—Canada?—Britain?

The agreement will mean monopoly control of grain production. You, as farmers, will be told what you must grow and how many acres you may seed. And you will have no say as to how, when, where and at what price your crop will be sold. The Government will be both buyer and seller. You will have no say in the matter. How will you like that?

You have been guaranteed a floor price of \$1.00 per bushel for four years, but not necessarily for your whole crop. The Government floor price announcement states specifically that delivery control may be necessary.

Commenting on the dangers of monopoly, the "Winnipeg Free Press" on June 26 said:

"No mention has been made yet of another ill-consequence of bilateral trade in wheat. The open market would disappear in favour of a state monopoly. There are differences of view about the open market, but nobody of consequence is advocating a state monopoly as the alternative."

Over and above all other objections, we oppose such change in national policy as a wheat agreement implies. The Government has no mandate from the people to embark upon a program of State Socialism.

THE QUESTION MUST BE ANSWERED ONE WAY OR THE OTHER:

Does Canada intend to permit the continuance of free competitive enterprise in wheat or anything else? or—does Canada intend officially to embark upon a policy of State Socialism?

If free competitive enterprise is to continue then Canada cannot afford to make bilateral trade agreements.

If State Socialism is the objective of the sponsors of the bilateral wheat agreement they should come right out frankly and say so, and not lead Canadians to believe that their liberty and their freedom of action are not threatened—when the very opposite is the case.

Pleasant Trip

For Those Who Decide To Travel Over Alaska Highway

For some reason or other, best known to themselves, people who have never travelled the Alaska highway delight in knocking it. They pose as experts, announcing that the road is no good, that the scenery is tiresome, that it's too far to Alaska to go by road.

The praises of persons who have travelled the highway are as voices crying in the wilderness. Nobody in authority pays any attention to them. As the highway is gradually opened to civilian travel, however, more and more people will join in the chorus of praise. Once over the road it is impossible not to join that chorus.—Vancouver News-Herald.

Astonished Clerk

Woman Customer Had Half Million Dollars In Her Purse

The New York Post says Walter Winchell relays the story of an aging woman from Texas with an overpowering yen for the perfect string of pearls. The clerk at Cartier's "mistook her unprepossessing appearance for poverty and showed her the lowest-priced strings." But she persisted until she saw "just what she was looking for. The price" said the clerk haughtily, "is \$500,000." "I'll take it," said the woman, opening her purse, and extracting a half-million dollars in cash! The clerk keeled over with a heart attack.

U.K. Ships Said Sent To Belgium For Repairs

LONDON.—British shipowners are sending their vessels to Belgian shipyards for repairs because the "harder work" put in by Belgian shipyard workers gives quicker release of the ships than could be hoped for in Britain. Col. James Hutchison, Conservative, told the House of Commons.

Col. Hutchison, a businessman, represents a constituency in Glasgow, Britain's greatest shipbuilding centre. He wanted to know how foreign exchange was made available for such transactions. Hugh Dalton, Chancellor of the Exchequer, said some British ships must be repaired abroad and exchange was provided on production of required evidence that this was necessary in a given case.

CANADA AND BRITAIN AND UNITED STATES PLANNING FOR HEMISPHERIC DEFENCE

OTTAWA. — Because of Canada's geographic position, the Dominion's military planners are aiming for close co-operation between Canada and the United Kingdom in empire defence and Canada and the United States in hemispheric defence.

Hemispheric defence already is on a solid footing, embodied in the joint Canada-United States defence board whose co-chairman is Gen. McNaughton, also Canada's representative on the United Nations atomic commission.

So far, Anglo-Canadian co-operation has not extended beyond discussions, exchange of officers and informal talks. However, planners hope the day will come when an empire defence body might be organized on which would sit representatives of commonwealth countries.

Empire defence and the part each dominion could play was understood to be among the topics discussed at the meeting of empire prime ministers in London last spring.

During the forthcoming peace conference in Paris another opportunity will be afforded Prime Minister Mackenzie King, leader of the Canadian delegation, to further exchange ideas with commonwealth representatives.

Canada realizes the paramount importance of dovetailing future military plans with Britain and United States.

Viscount Montgomery, chief of the imperial general staff, who will visit Canada and the United States shortly, likely will sit in on a meeting of the Canada-United States defence board where proposed plans could be discussed and co-ordinated.

Canada and Great Britain already have signed an agreement regarding Newfoundland which contains this clause:

"The government of Canada and the government of the United Kingdom will consult with one another from time to time as occasion may require with a view to co-ordinating defence requirements in Newfoundland. Canada may establish and operate in Newfoundland such facilities and installations as, at any such consultation, may be agreed to be necessary."

In Newfoundland Canada has a 99-year lease on the \$200,000,000 Goose Bay air base in Labrador for defence purposes. The Dominion also may use St. John's Torbay airport for military purposes and may operate defence facilities.

A Four-Year Wheat Contract To Be Signed

OTTAWA. — The Anglo-Canadian wheat agreement, which has been in the negotiation stage for several months in London and Ottawa, is now virtually a fact.

It has been learned that the agreement will be signed within the next two weeks. The details of the agreement, as far as can be learned, are that it will be a four-year contract—that a definite price of \$1.55 per bushel will be set for the first two years—and no ceiling price for the remainder of the agreement.

After the first two-year period, it is learned, there will be a floor of at least \$1.25 per bushel for Canadian wheat exported to Britain.

The details of the deal are said to be known to both the Canadian and United Kingdom governments. All that is required before the signatures are affixed to the contract is for both governments to pass orders-in-council accepting the terms.

Reports in Ottawa say that about 150,000,000 bushels of wheat annually are involved in the contract. That is just about the amount of Canada's average wheat export surplus.

Some members of the cabinet are reported to be pressing for further contracts, similar to the wheat agreement, for other Canadian farm products. The opposition to this demand is the argument, that Canada cannot enter into too many trade agreements restricted to one country without breaking the international free trade principles to which Canada is a party because she is a member of the United Nations.

NEW RCAF UNIT

WINNIPEG.—Formation at Winnipeg of an auxiliary squadron of Canada's peacetime Royal Canadian Air Force has been announced by Air Minister Gibson. The new unit will be a fighter-bomber squadron of from 600-800 men serviced and staffed by a permanent force detachment of about 100 men.

BELOW NORMAL

TOKYO.—Nippon Keizai, economic newspaper, estimated that Japan's new wheat crop would be 40 per cent. less than normal with a harvest of some 12,000,000 koku (one koku equals about five bushels).

AFTER EFFECT

Animals Surviving Consequences Of Atomic Bomb Are Now Dying.

KAWAJALEIN.—Atomic bomb violence at Bikini was considerably greater than at first pictured, it was intimated by an officer who reported that animals that without the concussion of the blast now are "dying like flies."

The officer said the animals may appear healthy and have a normal blood count one day and just "drop off the next day."

When asked whether the animals would be taken to the United States for studies of the effect of radiation, the officer asked "what animals?"

The inference was that the studies might all have to be post-mortems.

FINAL DISPOSAL

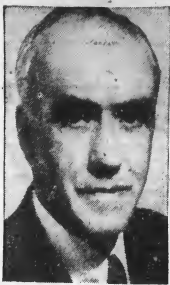

NEW YORK.—A set of six envelopes commemorating the royal visit to Canada and the United States in 1939 was auctioned for \$40 at the final disposal of the stamp collection of the late President Roosevelt.

All envelopes carried the royal train postmark and were addressed to President Roosevelt at the White House in Washington.

SHOWS DECREASE

OTTAWA. — Canadian output of crude petroleum and natural gasoline declined to 644,434 barrels in April, compared to 663,537 barrels in March and 692,889 barrels in April last year, the Dominion bureau of statistics reported. April production in Saskatchewan was 8,644,000 and Alberta 3,283,439,000.

The number of unemployed was reported at 126,000, a reduction of 87,000 from the bureau's Feb. 23 figure.

NEW CHINA ENVOY

John Leighton Stuart, former Presbyterian missionary, has been nominated by President Truman as the new U.S. ambassador to China. The 70-year-old minister succeeds Maj. Gen. Patrick J. Hurley.

MORE EMPLOYED

Women Working On Farms Account For Greatest Increase

OTTAWA.—The Dominion Bureau of Statistics reported total employment in Canada at June 1 was 4,702,000, a gain of 390,000 from Feb. 23.

Slightly more than half the increase was due to women working on farms. Employment in other industries increased by about 200,000 although the volume of female employment showed a slight drop.

The bureau's figures were based on a cross-section survey which showed those who worked in the week ended June 1 as well as those who had jobs but did not work because of illness, strikes, or temporary layoffs.

The number of unemployed was reported at 126,000, a reduction of 87,000 from the bureau's Feb. 23 figure.

PROBLEM SOLVED

Edmonton Veterans Acquired Home On Cash And Carry Plan

EDMONTON.—Two married Edmonton war veterans, George G. Bougie and Barney O'Connor, have solved their housing problem the hard way. They found a house for sale but only on a removal basis so they hunted around, located a lot not too far away and simply had the 10-room, two-and-a-half storey structure moved to the new site.

The shift was made with the house pulled on skids by a tractor and with city electricians preceding the strange caravan along city streets lifting cross-street wires to let it pass.

"We had to take advantage of the first opportunity that came along even though it was a case of cash and carry," the veterans said as they relaxed in a living room chair while their home jarred along city streets.

INCREASE ALLOWED

Children In Britain Getting Extra Ounce Of Bread

LONDON.—Food Minister Strachey announced that Britain's bread rationing allowance will be increased to allow an extra ounce a week for all children up to 18 years.

Under the ration scale, adults are to receive a basic ration of nine ounces a week. The ration for children is scaled down from that according to age.

Mr. Strachey said the increase for children will reduce the estimated saving under rationing to seven per cent. from a previous estimate of 10.

UNIFORM SIGNS

Will Be Used On Highways In Four Western Provinces

CALGARY.—Adoption of uniform highway traffic signs for the safety and convenience of motorists travelling in the four western provinces was agreed upon by representatives from Manitoba, Saskatchewan, Alberta and British Columbia, meeting here.

The signs will conform as far as possible to those already adopted by the American Association of State Highway Officials and now in general use south of the border.

Various combinations of shape and color will be used to indicate to the motorist before he is close to the sign what he should expect in the way of information. For example an octagonal sign might indicate stop.

TRADE CONFERENCE

Experts Of Commonwealth Countries May Meet In London Soon

OTTAWA.—Reports from London forecasting that tariff and trade experts of British commonwealth countries will confer this autumn to consider alterations in the imperial preferences coincides with views expressed in official circles here that such talks will be held, probably in London.

Washington issued an invitation last year to 14 countries to meet to consider means whereby the trade barriers between countries could be lowered and in many cases removed altogether, in a move to improve international trade and general well-being among the nations.

BASIC REASONS ARE GIVEN FOR DELAY IN COLLECTING REPARATIONS FROM GERMANY

BRUSSELS.—Breakdown in the Potsdam pact in respect to running Germany as an economic whole has greatly slowed the work of collecting German wartime industrial equipment as reparations to the victors.

Of 600 to 800 plants in the western zones which probably will be earmarked by the Allied control council in Berlin as surplus to Germany's peacetime economy and suitable for reparations payment, only 14 plants have been dealt with by the inter-Allied reparations agency here.

The control council recently assigned more than 50 other plants to the agency to allocate to its 15 members, but the whole program for making the transfer of capital goods reparations is far behind the schedule envisaged at Potsdam.

Basic reasons for delays, particularly on industrial plants, are the sharp disputes which have arisen in Germany from Potsdam's four-power division of the Reich and inability to achieve progressive co-operation on many major questions. Action of the United States authorities in stopping dismantling of plants in their zone for reparations payment until a clear understanding of policy for Germany is reached undisturbed this entire problem.

The British and Americans have been denounced by the Yugoslav representative on the reparations agency for stalling in the reparations clauses of Potsdam, but he did not mention the United States action was provoked in part by failure of the Russians to send quantities of consumer goods from their zone to the western zone, as they agreed at Potsdam.

The Potsdam pact declared all industrial equipment stated to be surplus to peacetime economy in the Russian zone would go to Russia and Poland and that all surplus industrial equipment from the other three zones would go to the other 15 Allied countries which shared in the successful European struggle.

To compensate the Russians for the greater industrial concentration in western Germany, 10 per cent. of the western surplus goes to Russia, plus 15 per cent. additional from the west for which Russia compensates the west in agricultural products, timber, minerals and petroleum.

NOTES AND COMMENTS

CIVIC CENTRE

Those persons who expect big
things from Coleman's Board of
Trade are apparently not going to
be disappointed.

Realizing the fact that the skating
arena is now obsolete and a
danger to public safety it has
started out on the biggest venture
ever launched in Coleman, a rodeo.
No expense is being spared to en-
tertain visitors from Pass and prairie
points to come to Coleman and see
the rodeo. The best man in the busi-
ness, Herman Linder, is being
brought from Cardston to see that
events go through as scheduled and
that the crowd will have a thrilling
show. Business men and organiza-
tions are working as a team for a
common goal, funds for a civic
centre which will be the pride and
joy of all Coleman citizens.

The board members are not kid-
ding themselves that they can
achieve a \$50,000 goal in one big
effort but they do know where they
are going and are out to do some-
thing about getting there.

If the entire community takes a
leaf from the board of trade book
and gets behind this venture with
an admission ticket then this and
future activities will ultimately
reach that \$50,000 goal and a civic
centre will rise in Coleman.

Your part is clear—Patronize
the big show.

WATERTON REQUIRES MORE KITCHEN FACILITIES

At the end of June, 1946, the cars
and passengers travelling to

Waterton National Park shows an
increase of three hundred per cent,
the largest park increase in the
province.

It is only natural to assume that
this increase was to be expected to
a certain extent yet apparently no
additional facilities were set up to
handle the increase.

Waterton is in dire need of addi-
tional kitchen facilities. The half
dozen scattered over the camp area
are totally inadequate to handle the
traffic and one sees half a dozen cars
or more standing alongside each
kitchen, the occupants of some sit-
ting an hour or more in a weary
wait till one of the tables is avail-
able.

Waterton particularly requires
increased kitchen facilities.

WHERE'S THE BRASS BAND?

Where is Coleman's brass band?
That's the question that is being
asked these days when it is known
that the Rodeo Committee had to
go out of town to bring in a brass
band to take part in the rodeo pa-
rade.

Practically all the band members
are still residing here. All the in-
struments are here. The only thing
that is lacking is organization.
Coleman is proud of its young pipe
band and it will be equally proud
of its brass band if and when they
get organized and become an as-
set to the town.

Let's see some activity towards
the formation of a Coleman brass
band.

Letter To The Editor

Editor, The Journal:

Seven years ago this coming
September, an appeal was made for
men to join the Armed Services of
every peace-loving Nation of the
world. That appeal was heard and
answered by the people of Cole-
man. I am sure that we all remem-
ber how, in the years following that
first appeal, men and women laid
aside their civilian clothing to don
the uniforms of the different ser-
vices of Canada.

Many of these young people have
returned, or are returning, but un-
fortunately not all of them are able
to do so. In homes in Coleman, as
in hundreds of other towns and
cities, there are photographs of young
men in uniform, young men who
will never again return. Nor are
the relatives and friends of these
young men allowed the privilege of
decorating or caring for their
last resting places.

That these men may not be for-
gotten and to show appreciation for
what they have done, we, of the
Memorial Park committee and the
Coleman branch of the B.E.S.I.,
feel that it is only proper and
fitting that a suitable Memorial be
erected, not only for those who lost
their lives in the Second World
War, but those in the First World
War as well.

The response from the people of
Coleman who have been solicited
has been good although we are still
a long way from our objective of
\$3,000. However, we have chosen the
design, the contract has been let and
work on the base of the Cenotaph
will commence within a short time.

To those people who have contrib-
uted we say "Thanks."

To those who have not yet been
approached we say, "Help us to per-
petuate, in marble and cement, the
names of those of whom we can
well be proud of. Help us to erect a
Cenotaph to which we can all, as
citizens of Coleman, point with
pride."

Yours truly,
WILMER COX,
Secretary Memorial
Park Committee.

TOWN WORKMEN PATCH STREETS

Town workmen for the past
several weeks have been giving the
residential streets a general clean-
up. Weeds have been torn out and
trucked away along with other ac-
cumulated rubbish. Last week they
started to patch the hard-surfaced
streets which had been allowed to
deteriorate during the war years
when asphalt was unavailable.

Teen Town Notes

(Millie Buhniak)

Gee, girls, haven't Stanley's eyes
turned dark all of a sudden. Could
be he's working for a living.

Irene A. looking very pretty with
her hair on an "up sweep" on her
way from the swimming pool.

Frank G. going with a glove on
one hand. That's the one Gene
Autry shot at the Lethbridge
stampee.

Joe L. seen wearing bright red
nail polish on Saturday night. We
wonder who could be giving him
manicure lessons.

The motto of the kids that swim
in the West Coleman pool is "he it
ever so cold there's no place like the
river."

Helen's been getting letters from
Sarcee camp at Calgary. They are
not from Cafe waitresses either.

"Sparkie" Duncanson working
for Sagoff Lumber Co. and trying
his hardest to whistle.

Irene B. mumbling to herself
about making the painters come up
and clean all the paint off the win-
dows.

We didn't think Alex lived up on
6th street, but that was where he
was seen coming from on Sunday
night.

All of a sudden there's a lot of
noise around town and it seems like
we've been invaded. Well, we have
been—by our own army cadets and
gosh it's nice to have them back
again.

COLEMAN FISH & GAME ASSOCIATION NOTES

A very enjoyable outing and fish-
ing competition was held at the
North Park river on Sunday, July
21 by members of Coleman Fish &
Game Association.

Good catches were weighed in
by practically all contestants, the
prizes were distributed as follows:
Heaviest basket prize split between
George Jenkins and Scotty Flem-
ing, 9 lbs each; heaviest speckled
trout, Joe Jenkins, 2 1/2 lbs; heav-
iest grayling, Carl Sapeta, 2 1/2 lbs.

President Percy Knowles did a
very good job of attending to the
chores around camp, such as cut-
ting wood, building fires and en-
tertaining visitors, consequently he
did not have very much time to
fish, but he promises to show the
boys up at the next outing, which
is expected to be held before the
end of August.

People shop where they are
invited—that's why it pays to
advertise.

Council Declares Civic Holiday For Rodeo

Committee Anticipating Record Crowd; Committees Standing Ready For Big Show.

If planning and down right hard work is the key to success then Coleman's Crow View Rodeo stands on the threshold of the greatest success the town has ever enjoyed.

The numerous committees have been hard at work for the past two months, the bulk of their work now lies behind them, the date of the Rodeo is known throughout southern Alberta and southeastern BC; contestants have promised to pour their entries into the secretary during the last week, the Lions catering committee is getting ready to handle the greatest crowd in the town's history, the Elks are making ready for a big carnival, the dance committee will sponsor both a jittery dance and a Cowboy's Ball which is expected to outdo anything ever attempted with dances in the past, the Legion is taking care of a "Welcome Arch" above main street and the merchants will dress up their windows in appropriate manner for the big lay.

The thousand-and-one details are absorbing the time of several key officials who are giving much more time to the Rodeo than to their own business. They are travelling far

and wide to get the best men and the best animals for the show.

Traffic is going to be quite a problem and there will of necessity be a large number of deputy police. These men will be used to control traffic and also aid the ticket sellers who will definitely have a big job on their hands as the field is not fenced in.

CORRECTION

In last week's issue John Salus was incorrectly reported to have donated \$5 to the Memorial Fund. It should have read \$10.

FIRE CONSUMES WEALTH

Of all peacetime Canadian manufacturing industries, pulp and paper stands first in employment, total wages paid, export values, net value of production, and in capital invested. This industry depends on the forests. Care in the woods will help prevent forest fires.

VISITORS FROM WINNIPEG

Mr. and Mrs. A. E. Bowley and daughter Phyllis, of Winnipeg, are this week back in the old home town after an absence of 27 years.

It is 27 years ago that Mr. and Mrs. Bowley left Coleman where Mr. Bowley had been employed at McGillivray Creek as electrician. They know a number of the old-timers here and visited Mr. and Mrs. Maurice Cooke and Mr. and Mrs. James Glendenning. They visited Sentinel power plant where Superintendent John Van Maaron showed them the plant and brought them back to town in his car. They walked around the residential section of town and stated that many changes have taken place during the space of 27 years.

AT YOUR SERVICE

In 1886 — 60 years ago — the Dominion Experimental Farms were founded. Starting with five farms the System has since been extended to 34 farms and stations and 210 illustration stations. This System, the largest and most comprehensive of its kind in any country, is maintained, with other Services of the Dominion Department of Agriculture, for the promotion of agriculture and the national economy of Canada,

As a result of the work carried out in the past by all the Services of the Department in co-operation with the provinces and agricultural colleges, a much greater measure of stability has been given to farming in the Dominion.

Now that the war has ended all the services of the Dominion Department of Agriculture — Experimental Farms, Science, Production and Marketing — visualize a broader and fuller program of usefulness to the people of Canada. The facilities of these Services are varied and extensive. Everybody in Canada is invited to take advantage of them freely. The Department is always ready to assist in any way in the advancement of the basic industry of Canada — Agriculture.

CANADA IS A

Moderate Nation

★ ★ ★

Moderation is a Canadian characteristic.

It is a heritage of our people. As children, we learn moderation.

As adults, we practice it. As Canadians, we are proud of it.

In spite of post-war temptations to splurge and spend, we have kept our heads. We've acted moderately... we have not given in to the natural desire for immediate enjoyment of everything and anything in short supply... and that is why, as individuals and as a nation, we are unhampered by the excesses of inflation.

We can point to a fine record. We can point to Canada's future with certainty. But, we can do this only if we continue to live up to our Canadian principles of moderation—moderation in all things.

400 Elks And Families Enjoyed Picnic Outing

Over 400 Coleman Elks and their families gathered at the picnic grounds on Sunday to enjoy their annual outing.

Ten members went out to the grounds at 7:20 that morning to make preparations for the invasion. A monster barbecue was ready at 3 o'clock in the afternoon and all gathered in line with plate, knife and fork in hand and loaded with roast calf, baked beans and French fried potatoes and all kinds of other good things to eat, finishing up with watermelon.

There were races for the children and tug-of-war, horseshoe pitching and softball for the adults. Pete Smith and "Sonny" Richards were champions of the horseshoe pitchers. About 8 p.m. the gathering was treated to a huge bonfire over which wieners were roasted and distributed among the crowd. Singing and dancing brought a most enjoyable day to a happy close about 10 p.m.

DISTRICT ENGINEER BRADLEY IN PASS MONDAY

District Engineer Bradley, of the Department of Public Works, was in the Pass on Monday afternoon surveying the proposed water system ditch which will carry the Municipal Hospital water supply from the Blairmore Water works to the Municipal Hospital.

The water system will follow along a portion of No. 3 highway and therefore required the department's permission before the ditch could be dug. The department's permission is now expected in a few days.

BEST RODEO GROUNDS IN SOUTHERN ALBERTA. STATES LINDER

Herman Linder, of Cardston and who will be arena director of the Coleman Crow View Rodeo, was in town this week checking up on the progress of the various Rodeo committees.

He was taken to the Rodeo field and expressed the opinion that Coleman already had possibly the best Rodeo arena in southern Alberta and no doubt the most scenic. He was gratified at the progress being made and anticipated a very good show.

BAKERY BUILDING BEING RENOVATED

Preparing for the time when materials will be more plentiful and thus a more varied supply of bread and pastries will be on the counters, Model Bakery have during the past two weeks been renovating the premises.

The exterior is being covered by brick siding and will give a much cleaner appearance. Now and modern styled display windows have been constructed by O. Celli, contractor, and once greater supplies of various ingredients are available these windows will be used as display windows.

STREETS TO BE DECORATED BY LEGION

Coleman branch of the Canadian Legion has been given the task of decorating the main and Second streets in appropriate manner for the Rodeo.

It is planned on getting trees from the forest and spot them at regular distances along the main street. The trees will be decorated with suitable hunting and flags.

WEDDINGS

BIAFORE—SISKA

St. Anne's Catholic church, Blairmore, was the setting of a very lovely wedding on Saturday, July 20, when Helen, only daughter of Mr. Tom Siska, of Coleman, and the late Mrs. Siska, was united in marriage to Louis, eldest son of Mrs. Biafore, of Blairmore, and the late Mr. Biafore. Rev. Harrington conducting.

The bride, given in marriage by her father, entered the church looking very lovely in a floor length gown of white net with taffeta bodice and with a short circular veil with heart-shaped coronet. The only ornaments she wore were a gold cross and ear-rings, gifts of the groom.

The maid of honor was Miss Christine Bubniak, who chose a gown of pink net with flowered jersey bodice.

Bridesmaids were Miss Dora Biafore, of Blairmore, who wore a gown of pale yellow sheer and Victoria Horjsei, who chose pink sheer. Their bouquets were of Gladioli and carnations.

To each of her bridesmaids the bride gave a pair of silver earrings.

The best man was Frank Biafore, brother of the groom. Other attendants were Mr. Roniono Peressini and Hector Rae, of Blairmore.

Mrs. Frank Siska was matron of honor and wore a navy pin-stripe suit with pink accessories.

A reception was held at the bride's home where only immediate relatives and friends were present.

The happy couple left Sunday on a honeymoon to be spent at Nelson and other Kootenay points. For going away the bride chose a dressmaker suit of moss green with white accessories.

Upon their return Mr. and Mrs. Biafore will reside in Coleman.

MISCELLANEOUS SHOWERS

A miscellaneous shower was held in the IOOF hall, Monday, July 22, in honor of Miss Iris Garrett, bride-elect. About forty guests were present and whist and bingo were played. Honors in whist went to Mrs. G. Derbyshire and Miss Rose Kewana and in bingo to Julia Kapelka and Pauline Lucky.

A dainty luncheon was served by the hostesses and the guest of honor was presented with many beautiful and useful gifts for which she ably thanked her many friends. The party broke up about midnight.

CARD OF THANKS

I wish to thank my friends for the many lovely and useful gifts brought or sent to me at the shower held in my honor on Wed., July 17. I especially thank the hostesses: Mrs. Mildred Vrsakovy, Mrs. Irma Korchuska, Mrs. Mary Vrsakovy, Mrs. Mary Gekdos, Mrs. Catherine Wavrocian, Mrs. Pauline Vasek, Mrs. Ann Vasek, Mrs. Mary Unilowski, and the Misses Christine Bubniak, Millie Spievak and Vlasta Kalivoda.

THEATRE NOTES

Bud Abbott Revealed as Dramatic Star in Comedy

Bud Abbott, of the famous Universal comedy team, is playing his first role as a tycoon in Universal's "Little Giant," coming to the Palace theatre Saturday and Monday.

His partner, Lou Costello, enacts a country boy who goes to the big city, Los Angeles, seeking his fortune.

It's the first time Abbott ever had the part of a tycoon, except on the stage in "Play within a play" roles, but he did not let that embarrass him in the least.

"I have often met tycoons in business deals, both fit and out of the motion picture business," he said, "and I have a pretty good idea of how they act."

"Many tycoons depend on their stage setting, or office furniture, to impress other tycoons and ordinary folks with their own importance. With that idea in mind, William A. Seiter, our director, ordered up for the tycoon I play an elaborate set that was really something right out of the Architectural Gazette."

"Miss Susie Slagle's" Introduces New Star

A new star will shine on the Hollywood horizon when Paramount's "Miss Susie Slagle's" arrives Saturday at Cole's theatre with newcomer Joan Caulfield making her motion picture debut. Miss Caulfield, the lovely blonde whom George Abbott launched on Broadway with his popular "Kiss and Tell," shares stellar billing in this, her first film, with Veronica Lake and Sonny Tufts.

Joan Caulfield will be a refreshing sight to movie-goers who have long since tired of synthetic glamour and white packages. For, according to all reports, this beautiful and talented young lady is as unaffected and effortless as a summer breeze. In "Miss Susie Slagle's" she is the guileless coquette who sets out to find her man with a frank determination that is said to be completely captivating to the man—who happens to be Sonny Tufts—and the movie audience. Previewers claim there is no doubt that Joan Caulfield will have a sizeable fan following after her first picture is released.

"Miss Susie Slagle's" offers dramatic roles to both Veronica Lake and Sonny Tufts. A heart-warming story of young doctors in the making, the picture gives Sonny an opportunity to play the first straight part of his career as a doctor obsessed by the fear of seeing people die. And Miss Lake is not the glamour siren of "I Wanted Wings," but a lovely and courageous nurse who falls in love with Pat Phelan, another promising newcomer.

The picture is also notable for the return of Lillian Gish, great actress of silent days, who makes her screen comeback as the proprietress of a boarding house for medical students.

Blairmore, Saturday and Monday.
Double Feature

Leon Errol, famous rubber-legged comedian, leads the fun in RKO Radio's uproarious comedy, "What a Blonde," in which he has the role of the little man for whom everything goes wrong, thanks to his whimsical butler and a bevy of show girls who descend upon him like a plague of locusts.

Second feature—Frankly a spine-shattering thriller, "The Body Snatcher" impacts the screen as a masterly triumph of horror, developed by means of suspenseful human interest. Robert Louis Stevenson's story has been dramatized with such telling effect, as demonstrated in its sensational trout engagement in St. Louis at the Missouri theatre. It is like an ideal exploitation picture, and a solid entertainment holding its audiences spellbound. Boris Karloff, in the name role, has never given a more masterly performance. The supporting cast is splendid. The sinister atmosphere is handled with artistry. The human conflict in the show dominates its ghastly theme.

"This year there's beauty in our budget"

"Look at the difference in Gladys already," said the mother proudly. "She's just brimming with health."

"Yes, this year there's beauty in our budget," said Hugh. "Another six weeks of this will do wonders for you and the youngsters . . . and long weekends here for me . . . it's swell!"

"But it's not really in the budget, Hugh."

"No. It's over and above the budget, certainly; but it's the budget that enables us to take this cottage without worrying. Once we've set aside our year-round expenses and our life insurance premiums, the rest is surplus. We can be extravagant with it. Until I had enough insurance to take care of the future I always felt a bit guilty about spending in the present. But now my mind is at ease. You and Tom and Gladys are protected. So long as we don't dip into what's needed for that, we don't need to worry any more."

When life insurance is properly taken care of in the family budget, present expenditures can be planned with a carefree mind. Future protection is of first importance. Once that is insured, the greatest source of worry is banished from every home.

The Farmer's Job

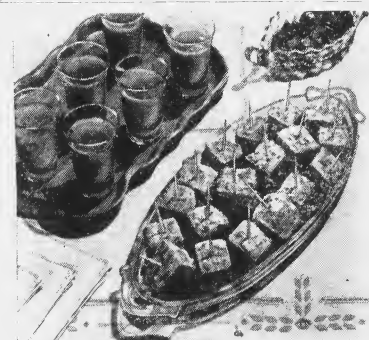

Only Wants A Fair Price For What He Produces

The farmer's job is not finished—hunger is abroad in the world, granaries are being swept clean. Hunger may not be far from our own door. But, farmers are not taking advantage of scarcity to force price to unreasonable limits.

They do want their fair share of the consumer's dollar, which will permit a standard of living comparable with those working and living in urban centres. This is being sought through organizations of local producers affiliated with county, provincial and Canadian federations of agriculture, and now carried a step further by forming an international body.

By negotiation rather than by strikes or slow downs producers hope to get a fair price for their products based on cost of production and to avoid such a paralyzing depression as occurred in the thirties when industry suffered also because of the low purchasing power of the farmer.

FROM APPETIZER TO DESSERT—Perhaps you've already learned what an important role ready-to-eat cereals can play in today's menus. Cereal is no longer just a breakfast food. These days when flour is scarce, it can play an increasingly important role as flour saver in all types of dishes, from appetizer to dessert.

Use Bran Cereal often. It is made from the rich outer layers of grain, which are not used in the milling of white flour. It is readily available and is a popular baking ingredient.

Try these recipes for proof of this cereal's versatility. They're truly delicious. The bran called for helps save flour and stretch meat and adds nutlike crispness to desserts.

HAM BRAN CAKES

1 pound ground smoked ham
1/2 pound ground lean pork
1 egg, slightly beaten
1 teaspoon ground cloves
Combine meats with egg, cloves, brown sugar, milk and bran. Shape into small cakes, place in shallow baking pan. Bake in moderate oven (375 deg. F.) about 30 minutes. Place peach halves in separate pan and heat in oven during last 10 minutes meat is baking. Serve two ham cakes with each peach half. Yield: 8 servings (16 cakes 2 1/2 inches in diameter).
Note: Gilded bananas may be substituted for peaches.

PLUM CAKES

1/2 cup bran
1/2 cup sweetened plum juice
1 teaspoon vanilla
1/2 cup shortening
1/2 cup sugar
1 egg
1 cup sifted flour
2 teaspoons baking powder
2 cups plum
8 cooked plums

Soak bran in plum juice and vanilla. Blend shortening and sugar thoroughly, add egg and beat well. Add soaked bran alternately with sifted dry ingredients. Place one drained pitted plum in each greased muffin pan and fill 3/4 full with batter. Bake in moderate oven (375 deg. F.) about 25 minutes. Serve hot with Plum Sauce. Yield: 8 cakes (3 inches in diameter).

Plum Sauce

1 cup sweetened plum juice
1 tablespoon cornstarch
Add plum juice gradually to cornstarch, stirring until smooth. Add salt and cook until thick and clear. Stir in lemon juice. Serve hot with Plum Cakes.

Alexander Children Are Being Brought Up In Proper Way

The two sons, and daughter, of Viscount and Lady Alexander of Tunis may have famous parents, but the fact hasn't been allowed to interfere with their training. They are required to do things for themselves, just like any other children.

When they were being escorted from the hotel in Calgary to go aboard their father's special car for the continuation of the vice-regal tour, they appeared in the hotel lobby carrying their own hand baggage, some of it fairly heavy. Hotel staff members sprang from all directions to assist them, but they were gently waved aside by the children's governess.

"They're being brought up properly," she explained. "They will carry their own bags." And carry them they did.

One of their companions on the train was asked what the children thought of their famous father. "They don't know he's famous," was the reply. "No one has ever told them."

CHILDREN NEED ADEQUATE REST IN SUMMER

Many of the summer difficulties with children result from insufficient rest, writes Dr. J. Harry Ebbs in the current issue of Health, official magazine of the Health League of Canada.

Dr. Ebbs, on the staff of the Toronto Hospital for Sick Children, says the older infant and young child should go to bed at least as early on hot nights as usual and if showing signs of fatigue should be bathed and put to bed earlier.

Bathing in the lakes and in the sea should be allowed for short periods within the tolerance of the individual child. They should not become blue or chilled. Once a day, or in very hot weather twice a day, should be the limit for bathing.

Dr. Ebbs says that many of the troubles encountered by parents with infants and young children in the summer months can be avoided if the following simple rules are observed: Dress the child according to the weather. Avoid sunburn by gradually increasing sunbathing in the cooler times of the day. The infant can be kept comfortable by frequent lukewarm sponge baths.

Extra boiled water should be given on hot days. Only plain, simple foods should be served and quantities should be reduced temporarily in extreme heat.

Milk, even if it is pasteurized, should be carefully boiled and protected. Avoid rich milks if possible. Diarrhea and vomiting should be regarded as serious conditions. Contact with crabs should be avoided.

Flics should be eliminated. Extra sleep is desirable for the older infant and child. Maintain the same daily routine.

HALIFAX.—James A. McEachern, Grand Worthy Patriarch for New Brunswick of the Sons of Temperance of North America, told delegates to the Order's 98th annual session here that "Canada today is heading as fast as it can to a drunken nation and the United States with it."

"These are the facts we have got to face and there is no use kidding ourselves," he said.

The meeting opened with delegates from many United States centres, Ontario, and the Maritime provinces attending the conferences. H. W. MacDonald, Grand Worthy Patriarch of Nova Scotia, welcomed the delegates.
